

About

[Taizhou Dongsheng New Energy Technology Co., Ltd.](#)

Founded in 2009, Dongsheng New Energy is a high-tech enterprise specializing in the design, research and development, manufacturing and integrated installation of distributed photovoltaic power generation system. It is determined to provide suitable and reliable support solutions and high-standard photovoltaic support products for solar photovoltaic power stations. The company has an outstanding design team, products through ISO quality system certification, and has a number of patented technologies, widely used in roof photovoltaic system, ground photovoltaic system, carport photovoltaic system, fishing and light complementary photovoltaic system. The company is based on providing customers with integrated introduction of advanced management mode, can provide customers with integrated photovoltaic support system services from early monitoring, design, procurement, installation guidance to later maintenance, since its establishment, for thousands of domestic and foreign photovoltaic power station system data supply reliable products and solutions.

Corporate Culture

We believe in the "craftsman spirit"

I am the one who creates the satisfying products The foundation of our business. finely crafted Awareness is in every link and every aspect of the product Every process and every detail has been perfectly reflected. We have a strong sense of work responsibility, never miss an inch, and are meticulous and precise in developing foolproof good habits. Every time you deal with something, you must insist on "looking back" at the end to check whether there are any loopholes or mistakes. Carefully polished, focused, precise, and pursuing excellence.

Partners

After years of intellectual effort in technology development, we have won the trust of many customers through standardized and professional R&D, manufacturing and service, while at the same time establishing a strong relationship with all customers.

EACC

**OCCUPATIONAL HEALTH AND SAFETY
MANAGEMENT SYSTEM CERTIFICATE**

Certificate No.: USA215821273R2M

This is to certify that the Occupational Health and Safety Management System of
**TAIZHOU DONGSHENG NEW ENERGY
TECHNOLOGY CO., LTD.**
 Unit Address: Grade 4, No. 100004, Wuyang Road, Taizhou City, Zhejiang Province, China
 Registered Address: Floor 11, Cultural and Creative District, No. 100004, Wuyang Road, Taizhou City, Zhejiang Province, China
 Provisional Address: Institute of Science and Technology Park, Jintan Street, Ningbo City, Zhejiang City, Zhejiang City, Zhejiang Province, China
 Office Address: Floor 11, Cultural and Creative District, No. 100004, Wuyang Road, Taizhou City, Zhejiang Province, China

Has been audited to conform to the following Occupational Health and Safety
Management System Standard
ISO 45001:2018
 The Applicable Scope

The production of new comprehensive rainwater integration system
project: equipment [siphonic roof outlets, HDPE pipes, metal supports
and hangers (photoelectric power generation equipment supports, seismic
supports and strainers, finished supports and hangers)] and related
occupational health and safety management **for** involved sites.

Valid until: 2018-01-01
 Certificate No.: 12-031
 Certificate No.: 11-226
